WEBER COLLEGE HEADS CONFER

Courses Arranged at Meeting
Held Last Night; Lack of
Classrooms Apparent

The initial conference of the heads of departments of the Weber Normal college was held last night. Schedule for courses offered at the college were worked out and will be printed within the course of the next few days. Most of the educational courses were placed in the morning periods, thus allowing the normal students to perform their practical teaching in the city and county schools in the afternoon.

The question of library facilities was taken up. Department heads submitted a list of books and magazines needed in their several departments. It was estimated that the total cost of the books and magazines this year will amount to more than \$700. This will make the college library adequate for normal and junior college work.

In assigning teachers to their classes and rooms it was found that the college is crowded for space. The need of a new class room building was apparent, members of the faculty said, and measures to relieve this condition are expected to be started in the near future.

President Joel Ricks announced that necessary equipment will be purchased offering the students ample opportunity for proper growth and development.

DASH AND COLOR OF SPAIN REPRODUCED IN THIS PHOTOPLAY

European Helped to Film "The
World and His Wife," Now
Being Shown Here

True-to-life "atmosphere" in motion pictures is of prime importance. It adds considerably to the enjoyment of the picture. That was why so many men from the southern part of Europe had a hand in the filming of "The World and His Wife," which is now playing at the Alhambra theatre.

The scene of this picture is northern Spain. Now, northern Spain resembles in many particulars southern France and northwestern Italy. So Robert G. Vignola, who is a northern Italian, was chosen to direct the picture and Al Liguori, a fellow countryman, photographed it. No wonder they were able to reproduce so accurately the dash and color of the Latin countries.

Gaston Glass, who plays the youthful hero, is a native of southern France and a grandson of Sarah Bernhardt. Pedro de Cordoba, excellent in a semi-heavy role, is from sunny Spain itself. To be sure, Alma Rubens, the heroine, and featured player, is a San Franciscan, but she is of a warm, dusky type of beauty and in mantilla looks the ideal Spanish maiden. "The World and His Wife" is a Cosmopolitan production and a Paramount-Artcraft picture.

Announcement

At the earnest request of a number of my good friends I have finally consented to the use of my name in the Democratic Convention of Weber county to be held in the Court House at 10 o'clock tomorrow, for the office of Representative in the lower house of the Utah Legislature.

In making this announcement I have in mind my long experience as editor and teacher of economic sciences; and believe that my almost thirty years' residence in Utah fits me to speak from experience and mature observation as to the needed legislation in this wonderful state.

Light Frosts Looked for in High Sections

Light frosts are looked for in the high Utah districts tonight, according to the prediction of the United States weather bureau, which arrived in Ogden this morning. No killing frosts are expected, however, and no damage is expected to any crops.

Generally fair tonight and Saturday is the weather prediction which accompanied the frost report.

Yesterday's maximum temperature was 73 degrees with a minimum of 49 degrees last night.

HERE'S BIRDSEYE VIEW OF DEMOCRAT CONFAB TOMORROW

What the Democrats propose to do at the Weber county convention tomorrow:

Assemble at 10 a. m.
Nominate candidates for state senator, state representatives.
Choose county ticket including two commissioners, sheriff, assessor, attorney, clerk and auditor, treasurer, recorder.
A candidate for city judge will be named.
T. S. Browning, temporary chairman, will probably deliver the keynote address.

Arsenal Contract to Be Awarded in Week

The contract for the construction work on the Ogden Arsenal will be awarded some time during the coming week, according to Mayor Ora Bunday and Captain W. P. Katz, officers in charge of the government work. The bids of the various contractors were forwarded to Washington last week after they had been inspected by Lieutenant Colonel Ira L. Fredendall, chief of the third district, with headquarters at San Francisco.

Although the Sutherland company of St. Louis was second lowest bidder for the construction work, it is expected that it will be awarded the contract inasmuch as it recently completed a similar construction job in the east for the government.

Materials for the various buildings are arriving daily and work will be started within ten days of the awarding of the contract, according to the officers in charge. The work on the ten miles of spur tracks at the Ogden Arsenal is progressing and will be entirely completed within three weeks it is reported.

Presents Bouquets to Newspaper Girls

A bouquet of mammoth asters of dazzling colorings was presented to the young women of the Standard-Examiner this morning by S. P. Stone of 674 Twelfth street. Mr. Stone says he will raise from 5,000 to 10,000 of the varicolored blooms this fall. The colors range from white to pink and scarlet, red and purple.

Olympic Games Men En Route to Coast

Herb Hunter, one of the western representatives to the Olympic games recently held at Antwerp, was an Ogden visitor today en route to his home at San Francisco. Hunter was accompanied by Herb Schiller, star quarter miler of the University of southern California.

Both men failed to qualify in the final at Antwerp. Hunter was entered in the 5,000 meters event while Schiller was entered in the 440 yard dash. At Pasadena last June in the western trials Hunter broke the American 5,000 meters record, but despite that fact failed to finish at Antwerp. Schiller was one of the best 440 men in America also failed to place.

"In some events we were completely outclassed but in the majority of cases the period of training over there prior to the big games was not sufficient," said Hunter today. Both men visited Ogden canyon before departing for the coast.

'Sweetener' Seized by Federal Marshal Here

A ten pound can of "Food Sweetener" has been seized here by United States Marshal Aquila Nebaker and held for federal court action on the grounds that the sweetener constituted a violation of the federal food and drug act.

Adulterating and misbranding is charged.

The package was shipped by W. B. Wood Manufacturing company from St. Louis to Ogden. The action will be heard in the federal court October 16 at 10 a. m.
